**BRIDGE DECK REPAIRS AND LANE RESTRICTION**  
**I-93 SOUTHBOUND IN SALEM**

The New Hampshire Department of Transportation announces deck patching requiring lane restrictions will take place on Interstate 93 southbound over NH Route 38 in Salem. The work is scheduled for Thursday, September 20, 2001.

A New Hampshire Department of Transportation crew will restrict daytime traffic to a 12-foot minimum width from 9:00 a.m. to 1:00 p.m. on September 20. The restriction is expected to be in place for one day or until the work is complete.

Plans are to use warning signs, cones and a state trooper to guide vehicles through the work area. In the event of adverse weather, the start of the work may be delayed until the next suitable workday.

Motorists traveling on I-93 in Salem area are asked to use caution when driving through the work zone, as workers and equipment will be present. Minor delays may be encountered.
